

NCITMS Machining Solutions

- "Precision in Every Cut, Excellence in Every Component"
- Expert Hard & Soft Milling
- Wire-EDM Solutions
- Grinding Services
- Fully Integrated with NX Manufacturing
- Serving the automotive industry and beyond with over 30 years of experience. Competitive pricing, tight tolerances, and unmatched expertise.

NCITMS Machining Specialties

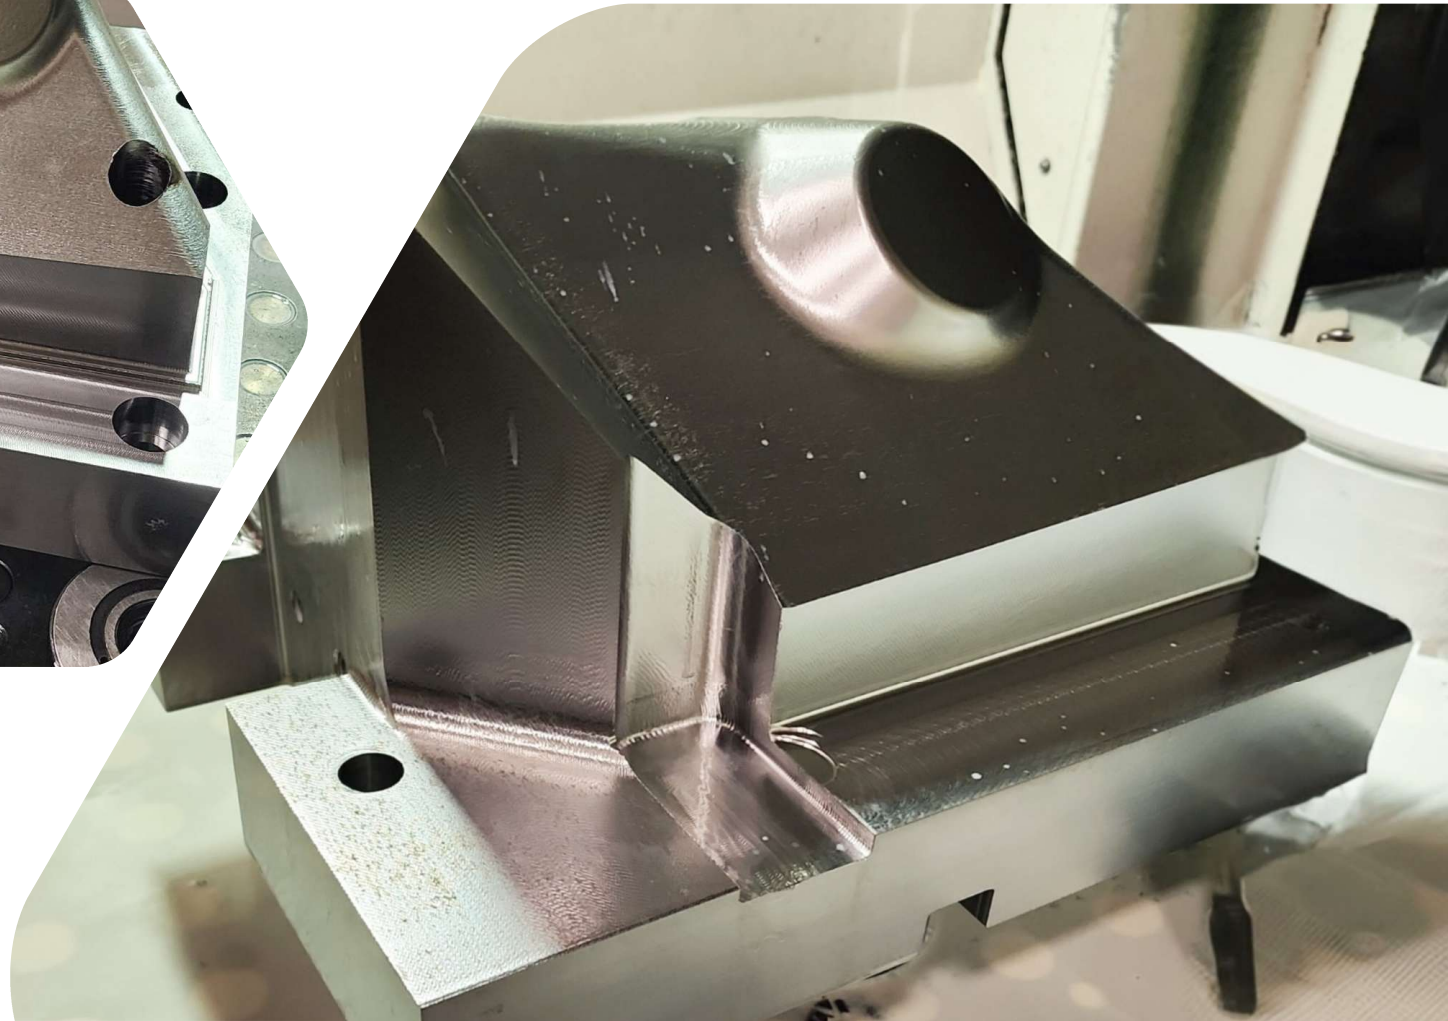

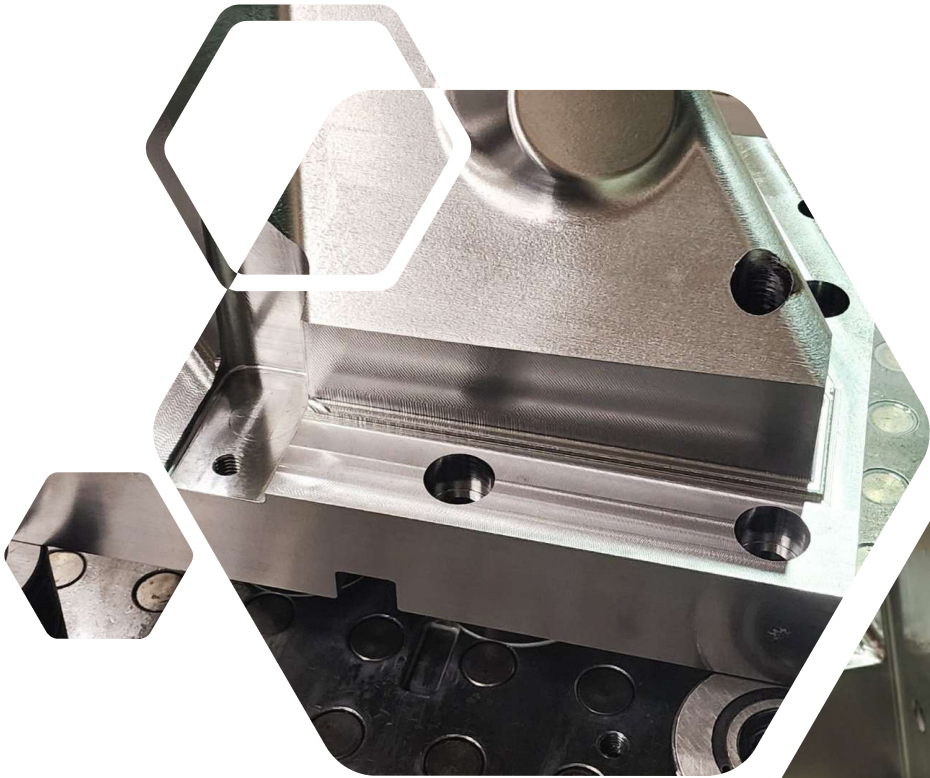

"Precision in Every Cut, Excellence in Every Component."

- **Expert Hard & Soft Milling**
- **Wire EDM Solutions**
- **Precision Grinding Services**
- **Fully Integrated with NX CAM using FBM (Feature-Based Machining) & FCS Modular Clamping Systems**

With **over 30 years of experience**, NCITMS INC. proudly serves the **automotive industry and beyond**, delivering **tight tolerances, competitive pricing, and unmatched expertise** in advanced manufacturing processes.

- MAXCUT MCV-35100 VERTICAL MACHINING
- TABLE CAPACITY 2500MM 900MM
- FAGOR CONVERSATIONAL CONTROL

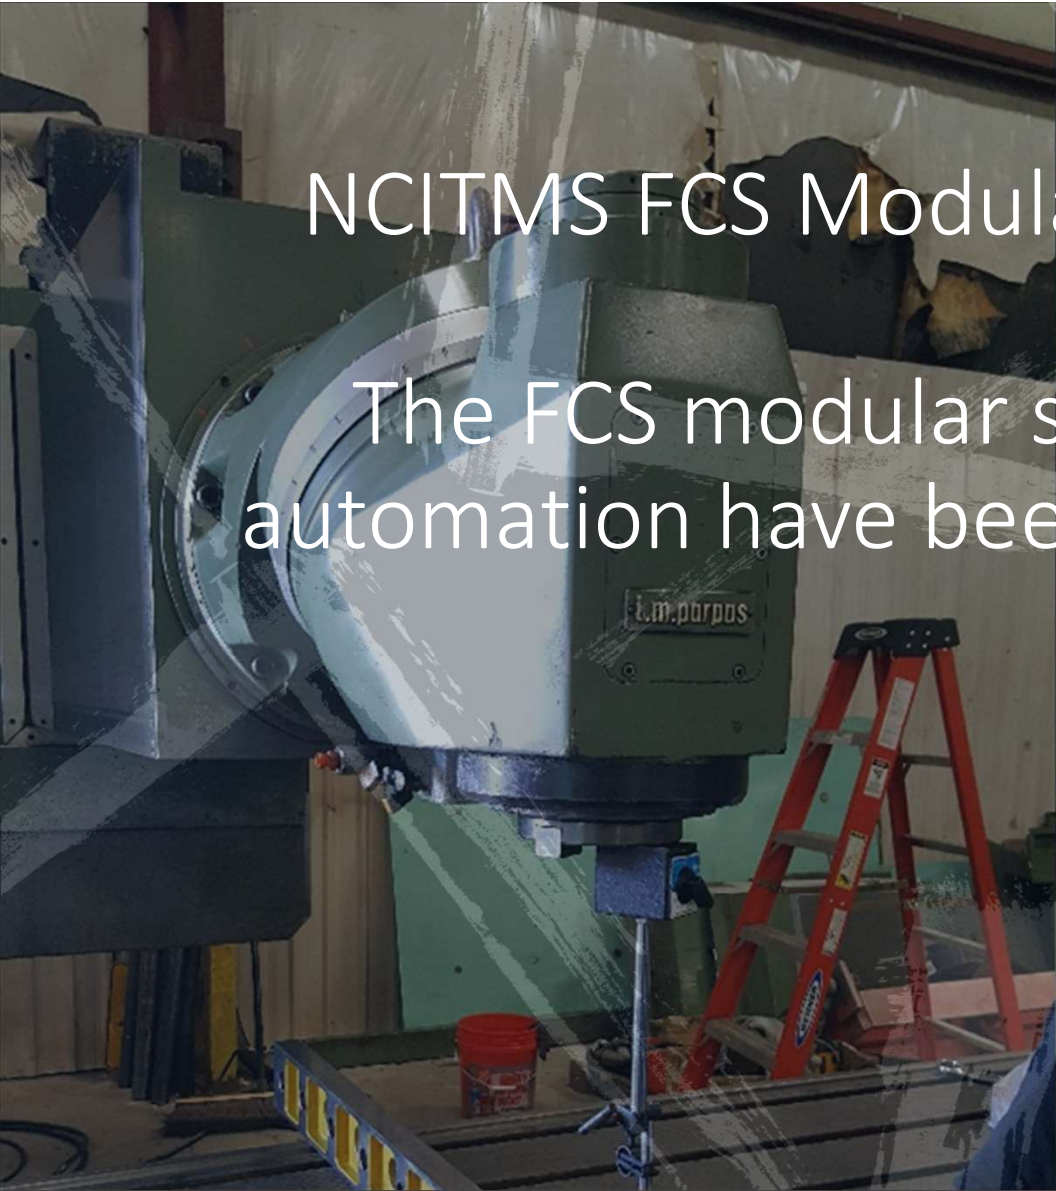

NCITMS's Customers

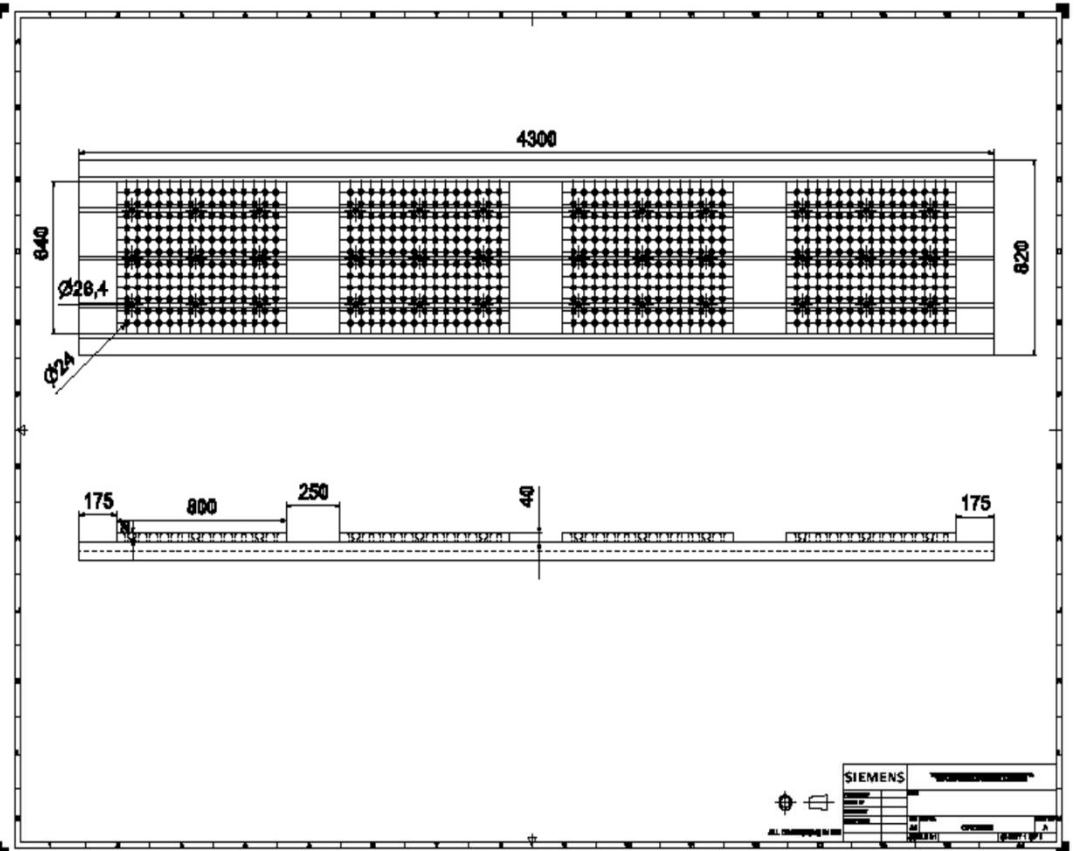

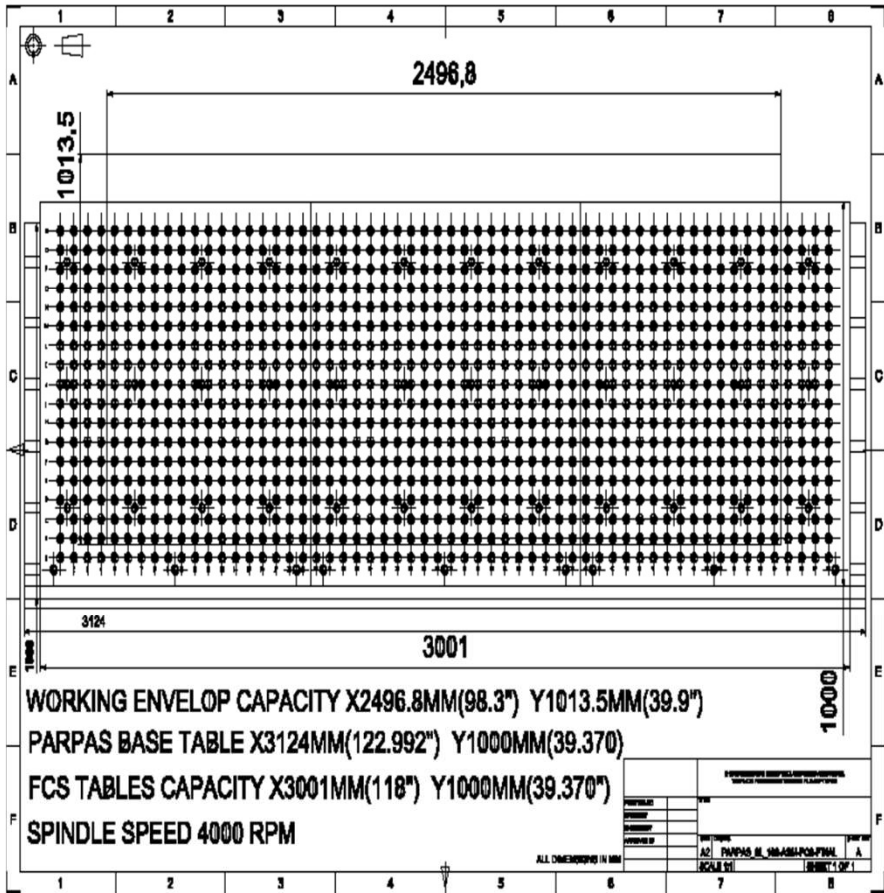

-
- At **NCITMS**, we proudly serve a diverse range of industries, delivering **precision machining solutions** tailored to meet the highest manufacturing standards.
 - **Our Customers Include:**
 -  **Automotive Industry** – Supporting OEMs and Tier 1 & Tier 2 suppliers with high-precision components.
 -  **Tool & Die Makers** – Providing expert machining for die components, inserts, and tooling.
 -  **Aerospace & Defense** – Manufacturing parts with **tight tolerances and advanced materials**.
 -  **Energy & Renewable Sectors** – Offering precision-engineered solutions for power generation and solar infrastructure.
 -  **Custom Manufacturing & Prototyping** – Helping businesses with **low- and high-volume production runs** and specialized projects.

 - NCITMS is proud to have supported the integration of the most efficient and automated CNC systems for our valued customers.

NCITMS FCS Modular Clamping System

The FCS modular system and tooling automation have been fully implemented.

TOOL AUTOMATION SYSTEM
